

FLORA

100% polyester

FLORA - strongly waxed polyester braided thread. It is designed for hand sewing in footwear industry and for decorative seams in sewing leather goods (ex. bags or trappings for horses).

Braided thread FLORA fulfill the requirements of the safe product included in the legislation in force.

<i>Technical data:</i>			FLORA 1,0
Thickness (mm)			1,0
Tensile strength [cN]			22000
Recommended needle size [No.]			200 - 250
Make-up [m]			500
<i>Colour fastness to:</i>		Standard	Value
	Light	PN-EN 20105-B02	min. 4
	Water	PN-EN ISO 105-E01	min. 3 - 4
	Dry rubbing	PN-EN ISO 105-X12	min. 4
	Dry cleaning	PN-EN ISO 105-C06	min. 3 - 4
<i>Heat resistance:</i>			
	softening point		180 - 200°C
	melting temperature		above 250°C
<i>Physical and mechanical properties:</i>			
	hygroscopicity		max 0,4%

FLORA is supplied on disc spools.
